Dear Mr. Lawrence:

I wish to thank you for your cooperation in arranging a visit by myself and a colleague to the Hanford Site on 18 January. The visit had particular importance and urgency in connection with our programs in nuclear non-proliferation, and your assistance in making the arrangements on very short notice was very much appreciated. We place great value on the relationships that we have with the DOE nuclear community, through the various Operations Offices, and through special contacts [redacted]. This particular visit, I know, required extra effort on the part of you and your staff.

25X1

Yours sincerely,
